

SASHI KUMAR

Team Lead | Senior Fullstack AI Developer Kolkata, India | sashisam10@gmail.com

Senior Developer and Technical Lead with over 7 years of expertise in building robust web applications. Currently leading frontend and backend initiatives at **Cognizant**, specializing in Generative AI integration. Expert in React and Next.js for modern interfaces and Python (FastAPI) for AI-driven backends. Proven track record in building RAG applications and Agentic Workflows using LangChain and LangGraph.

TECHNICAL SKILLS

- **AI & Backend:** Python, FastAPI, LangChain, LangGraph (Agentic Workflows), RAG, Generative AI.
- **Frontend:** React.js, Next.js, Tailwind CSS, Shadcn UI, JavaScript (ES6+), HTML5, CSS3.
- **State & Data:** Redux.js, React Query, React Table.
- **Auth & Security:** NextAuth, Clerk Auth.
- **Leadership:** Team Management, Code Reviews, Performance Optimization.

PROFESSIONAL EXPERIENCE

Cognizant | *Team Lead – Frontend & AI Development* | Jan 2025 – Present

- **Leading a high-performance engineering team** focused on integrating cutting-edge AI features into enterprise web applications.
- **Architected and deployed RAG applications** using Python and FastAPI, enabling intelligent data retrieval from complex datasets.
- **Developed sophisticated Chatbots** and multi-agent systems using LangChain and LangGraph to automate reasoning-heavy workflows.
- **Bridged the gap between Frontend and AI** by designing seamless React interfaces that interact with high-concurrency Python backends.

PwC India | *Technical Lead* | July 2021 – Jan 2025

- **Developed feature-rich web applications** using React.js, incorporating React Query for efficient data fetching and caching.
- **Managed application state effectively** using Redux.js, simplifying complex data flows and improving maintainability.
- **Integrated NextAuth** for seamless authentication and authorization, prioritizing security and user privacy.
- **Implemented responsive UI components** with Tailwind CSS, reducing development time and ensuring consistency.
- **Utilized React Table** to present structured data effectively, enhancing user experience and data visualization.

Tata Consultancy Services | *Systems Engineer* | Jul 2017 – Jul 2021

- **Developed and maintained responsive web applications** using HTML5, CSS3, and JavaScript.
- **Utilized React.js** to implement dynamic user interfaces and smooth user experiences.
- **Collaborated with design teams** to translate mockups and wireframes into functional UI components.
- **Ensured cross-browser compatibility** and adherence to accessibility standards (WCAG).
- **Conducted unit tests and participated in code reviews** to maintain code quality and optimize performance.

EDUCATION B.Tech | Asansol Engineering College | Jul 2013 – Jun 2017
